1999 BJU Annual Programming Contest

Results

The contest was held in the computer science lab on Saturday, March 13, 1999. Here are the results:

Number of Contestants:	**18**
Number of Problems:	**8**
Total Submissions:	**81**
Total Correct Submissions:	**40**

Results by Problem

#	Title	Total Submits	Correct Submits
1	Triangles	22	15
2	Tic Tac Toe	18	7
3	Phone Spelling	20	10
4	XML	8	3
5	Digit Solver	4	4
6	Y2K	2	0
7	Webster	6	0
8	North and South	1	1

Results by Contestant

Contestant Name	Class	# Correct Submits	# Wrong Submits	AdjustedTime
Hatfield/James David	Junior	6	0	692
Cook/William Jeffrey	Junior	4	2	723
Luard/Matt	Junior	4	1	727
Williams/Nathan Lee	Senior	3	0	624
Coleman/Todd Jeffrey	Junior	3	0	663
Huether/John Jay	Senior	3	6	719
Pease/Ryan Daniel	Senior	3	3	723
Whited/Jon David	Junior	2	0	649
Mathews/David Benjamin	Freshman	2	2	672
Matzko/Sarah Ruth	Junior	2	0	673
Swanson/Justin James	Sophomore	2	1	730
Spraul/John Jedediah	Freshman	2	6	735
Mckisic/Stephen Dale Jr	Freshman	2	4	784
Fazio/John Joseph	Sophomore	1	0	540
Anderson/Frederick B Jr	Sophomore	1	2	617

Notes

- Contestants are listed in order of ranking. The AdjustedTime statistic was used as a tiebreaker in cases where two or more contestants completed the same number of problems, and was computed by taking the number of minutes between the beginning of the contest and the contestant's last correct submission, and adding 15 for each incorrect submission (the lower, the better).
- We are awarding prizes for places 1 through 5. Jamie Hatfield won the contest last year, so he cannot receive the commencement award this year. However, he will still receive a prize.
